

§ 635.33

solicit public comment on anticipated exempted fishing requests.

(2) Notwithstanding the provisions of § 600.745 of this chapter and other provisions of this part, a valid shark EFP is required to fish for, take, retain, or possess a shark in or from the Atlantic EEZ for the purposes of public display under the shark public display quota specified in § 635.27(b)(2). A valid shark EFP must be on board the harvesting vessel, must be available when the shark is landed, must be available when the shark is transported to the display facility, and must be presented for inspection upon request of an authorized officer. A shark EFP is valid for the specific time, area, gear, and species specified on it.

(3) To be eligible for a shark EFP, a person must provide all information concerning his or her identification, numbers by species of sharks to be collected, when and where they will be collected, vessel(s) and gear to be used, description of the facility where they will be displayed, and any other information that may be necessary for the issuance or administration of the permit, as requested by NMFS.

(4) Written reports on fishing activities and disposition of catch must be submitted to NMFS at an address designated by NMFS, for each fish collected within 5 days of the collection. An annual written summary report of all fishing activities and disposition of all fish collected under the permit must also be submitted to NMFS at an address designated by NMFS. NMFS will provide specific conditions and requirements, consistent with the Fishery Management Plan for Atlantic Tunas, Swordfish, and Sharks in the EFP.

§ 635.33 Archival tags.

(a) *Implantation report.* Any person affixing or implanting an archival tag into a regulated species must obtain written authorization from NMFS pursuant to § 635.32. Persons so authorized to conduct archival tag implantation must provide a written report to NMFS at an address designated by NMFS, indicating the type and number of tags, the species and approximate size of the fish as well as any additional information requested in the authorization.

50 CFR Ch. VI (10–1–01 Edition)

(b) *Landing.* Notwithstanding other provisions of this part, persons may catch, possess, retain, and land an Atlantic HMS in which an archival tag has been implanted or affixed, provided such persons comply with the requirements of paragraph (c) of this section.

(c) *Landing report.* Persons that retain an Atlantic HMS that has an archival tag must contact NMFS, prior to or at the time of landing; furnish all requested information regarding the location and method of capture; and, as instructed, remove the archival tag and return it to NMFS or make the fish available for inspection and recovery of the tag by a NMFS scientist, enforcement agent, or other person designated in writing by NMFS.

(d) *Quota monitoring.* If an Atlantic HMS landed under the authority of paragraph (b) of this section is subject to a quota, the fish will be counted against the applicable quota for the species consistent with the fishing gear and activity which resulted in the catch. In the event such fishing gear or activity is otherwise prohibited under applicable provisions of this part, the fish shall be counted against the reserve quota established for that species.

§ 635.34 Adjustment of management measures.

(a) NMFS may adjust the catch limits for BFT, as specified in § 635.23, and the quotas for BFT, shark, and swordfish, as specified in § 635.27.

(b) In accordance with the framework procedures in the Fishery Management Plan for Atlantic Tunas, Swordfish, and Sharks and the Fishery Management Plan for Atlantic Billfishes, NMFS may establish or modify for species or species groups of Atlantic HMS the following management measures: maximum sustainable yield or optimum yield levels based on the latest stock assessment or updates in the SAFE report; domestic quotas; recreational and commercial retention limits, including target catch requirements; size limits; fishing years or fishing seasons; species in the management unit and the specification of the species groups to which they belong; permitting and reporting requirements; Atlantic tunas Purse Seine category
